

Kenya

The Maldives delegation would like to welcome the high-level delegation from Kenya to Geneva and would like to take this opportunity to wish them a fruitful UPR session.

Mr. President,

Kenya's firm commitment to the promotion and protection of human rights at both international and national level is praiseworthy and is clearly reflected in putting human rights at the forefront of all its national planning and development agenda. The Maldives would like to commend Kenya for its investments and emphasis in education and for ensuring that both primary and secondary education is compulsory and free.

With these positive developments in mind, the Maldives recommends that Kenya take further steps to establish a legal framework to regulate and ensure that education is compulsory and accessible to all children, especially poor, marginalized and vulnerable groups.

Thank you
