Item 6: UPR Report Adoption of Liechtenstein

54th Session of the Human Rights Council

3 October 2023

Thank you, Mr. President,

The Maldives warmly welcomes the distinguished delegation of Liechtenstein to the UPR adoption session and commend Liechtenstein for their commitment to the promotion and protection of human rights.

My delegation notes with appreciation that Liechtenstein has accepted the recommendation made by the Maldives to develop and implement a comprehensive policy and a plan of action to prevent and protect children from all forms of violence within the family and at school.

Maldives recommends the adoption of the UPR report of Liechtenstein by consensus and wishes the Government of Liechtenstein every success in implementation of the accepted recommendations.

I thank you, Mr. President.
